**Subject:** FW: EPA and Water Board Priorities for GAFB

---

Air Force Top Priorities

- 1- LF044 RODA Concurrence/Approval
- 2- DP033/DP034, WP040/SS052 (BoP MOU) Resolve Disputes
- 3- SR401 and XU400 Report Completion and Approval
- 4- FT082 and SS083 OU5 ROD Concurrence/Approval
- 5- ZZ051 Closure

Linda, Maeve, we integrated the Air Force Top Priorities into you list of Top Priorities below in RED Font, use HTML to view in RED. Also we added suggestions to discuss and implement on the other priorities.

-----  
Top Priorities of EPA (CERCLA sites) and Lahontan Water Board (CERCLA and Non-CERCLA sites)

General Priority: AF Agrees

- \* Improve BCT processes, including: communication and coordination, scheduling, scoping, reports on field activities, clear meeting agendas, timely followup and meeting minutes. (More face-to-face BCT meetings will be planned and field activities will be presented in more detail in future BCT meetings). Consider revising the current DSR (see attached example) to better highlight the documents that are currently being reviewed and upcoming documents, or develop a new process (e.g., Gantt chart). (DSR layout will be improved for better viewing).

CERCLA Sites

- \* Complete process for finalizing and signing LF044 RODA. This is Air Force's # 1 CERCLA priority, and the Air Force remaining five priorities are listed below:
  - 2- DP033/DP034, WP040/SS052 (BoP MOU)
  - 3- SR401 and XU400 Report
  - 4- FT082 and SS083 OU5 ROD
- \* Implement active remediation at CG070. This is Air Force's # 6 priority pending AF aggressive active Program Requirements Schedule

CERCLA and Non-CERCLA Sites

- \* Fill data gaps regarding the Lower Aquifer in the vicinity of the flightline (OU3 and non-CERCLA Petroleum sites), ST067b (Non-CERCLA Petroleum site), and CG070 (CERCLA sites) in the downgradient direction. Further discussion with Air Force is needed.

Non-CERCLA Sites (Water Board)

- o The Air Force's # 1 Non-CERCLA priority is ZZ051 and AF # 5 Overall priority
- \* Implement more aggressive interim measures for LNAPL removal at ST067b. A detailed removal of LNAPL from ST067b by soil vapor extraction will be presented in the next BCT Meeting. Meeting to be scheduled.
- \* Implement interim active remediation of OT071. Further discussion with Air Force is required.

The remaining Air Force non-CERCLA priorities are:

- Building 555 OWS investigation and closure; Building 645 OWS removal and closure; and Building 755 UGWV removal and closure.
- Parcel L-1 FOSET and Property Transfer
- WP026, Old Sewage Treatment Percolation Ponds RWQCB Concerns

Note, these are not the agencies' (EPA and Water Board) only priorities, but they are the highest priorities at this time.
